Agenda-- Sportsman BRIEF, August 2020

- ✓ **Special Notice about this Presentation**
- ✓ **Mandatory Requirements for Hunters and Trappers**
- ✓ **Purpose**
- ✓ **Program Overview**
- ✓ **Must Read and Review Documents and Sportsmen Map**
- ✓ **Sportsman Program Policy #20 and Sanctions Policy #24**
- ✓ **Sportsman Map**
- ✓ **Key Telephone and Contacts**
- ✓ **Conservation Law Enforcement Officer**
- ✓ **Eligibility Types**
- ✓ **Sportsman Permits**
- ✓ **Weapons Registration/Transport**
- ✓ **Hunting Area Badges-Sign In & Out Procedures**

Agenda-- Sportsman BRIEF, continued

- ✓ **Unexploded Ordnance**
- ✓ **Hunting/Trapping Categories and Details-Basics**
- ✓ **Pheasant Hunting-basics**
- ✓ **Waterfowl Hunting- basics**
- ✓ **Turkey Hunting- basics**
- ✓ **Other Small Game Hunting- basics**
- ✓ **Trapping- basics**
- ✓ **Deer Hunting- basics**
- ✓ **Bear Hunting- basics**
- ✓ **Key Areas to Know**
- ✓ **Documentation/Verification of Sportsman Brief**
- ✓ **Documentation/verification Submittal Information Page**

Note to All Hunters and Trappers:

A complete review of this Sportsman Brief will Fulfill the Mandatory Requirements of a Hunter/Trapper Brief, and is required prior to any Hunting or Trapping on Picatinny Arsenal.

Sportsman BRIEF, August 2020

Mandatory Requirements for Hunters and Trappers

- **Due to COVID-19, Training must be done ON-LINE.**
- Review of this Sportsman's Brief, **will fulfill the Hunters and Trappers Briefing** requirement.
- This is mandatory for all Hunters and Trappers on Picatinny Arsenal.
- Documentation of the training is required.
- Documentation/Verification Page of training is included at end of this briefing, and must be submitted to Sportsman Coordinator
- Documentation must be received by 30 August, 2020

Sportsman BRIEF, August 2020

Mandatory Annual Brief for Hunters and Trappers

- Hunters/Trappers 18 years old or older must review this mandatory brief ON-LINE to receive updates and reminders on regulatory, procedural, security and safety matters.
- Active Duty military, retirees, or other sportsmen not working at the installation or who do not receive on post e-mail should check the Picatinny Environmental external webpage at <https://www.pica.army.mil/ead/>; call or Sportsman Coordinator @ (973)-724-3594

Sportsman BRIEF, August 2020

Purpose of this Presentation

- Fulfills Annual Sportsman Brief Requirements for Hunters and Trappers
- Prescribes the responsibilities and rules governing hunting, trapping, fishing, and the use of boats, at Picatinny Arsenal, NJ.
- Implements the Sportsman Program Policy by setting the local installation requirements to assure compliance with all Federal and State, laws; as well as DOD and Army policies for conducting such Sportsman activities on military reservations.
- This bulletin and appendices tier off of the guidance outlined in Army Regulation 200-1. The bulletin's framework covers stakeholder responsibilities, administration, safety, and security concerns for participants in the Sportsman Program.

Sportsman BRIEF, August 2020

Program Overview

- Comply with all installation safety and security policies, traffic regulations, and any other applicable state or federal regulations; and carry at least one form of personal photo identification on their person.
- Abide by all provisions of the Sportsman Bulletin and boundaries of the Sportsman Map
- Report to NRM all requested data needed for statistical analysis, such as hours afield and game or fish harvested. For hunters and trappers this is routinely accomplished by mandated entries into the Hunt Log(s).
- Report to police, CLEO (or Sportsman Coordinator) any KNOWN violations of law or breaches of this bulletin as either witnessed directly or revealed/confided by another first-hand observer, to include as appropriate, cooperation with any follow-up inquiry or investigation

Sportsman BRIEF, August 2020

Program Overview, cont.

- Participation in the Sportsmen Program is a privilege, not a right.
- Participation is based upon eligibility categories established by the Garrison Commander. Categories are designed to avoid overuse of natural resources while optimizing participation.
- The reputation and overall success of the program depends on the commitment and cooperation of all sportsmen
- Put safety first, behave ethically, and consider others that do not hunt, trap, or fish.
- Comply—to the best of your abilities

Sportsman BRIEF, August 2020

-- JUN 20

MEMORANDUM FOR Picatinny Community

SUBJECT: U.S. Army Garrison, Picatinny Arsenal Policy **Memorandum #20**, Sportsman Program

1. PURPOSE: IAW policy and guidance outlined in AR 200-1, this policy prescribes responsibilities and rules governing hunting, trapping, fishing, and the use of boats, at the U.S. Army Garrison Picatinny Arsenal (USAG Picatinny), NJ 07806-5000; through the associated Sportsman Program Bulletin. Recreational hunting, trapping, fishing and boating on this installation is known as the Sportsman Program on Picatinny Arsenal.

2. REFERENCES:

- a. Sikes Act, 15 SEP 60; Sikes Act Improvement Act, 18 NOV 97; Sikes Act Reauthorization Act, 24 JUN 13
- b. AR 200-1 Environmental Protection and Enhancement, 13 DEC 2007.
- c. Integrated Natural Resources Management Plan (INRMP), 1 APR 2015.
- d. Sportsman Program Bulletin 14 JUN 20, **with Sportsman Map 9 SEP 16**.
- e. **Sportsman Map 9 SEP 16, or any recent updates.**
- f. USAG Picatinny Policy **Memorandum #24, Sportsman Sanctions, 10 MAY 17.**

Sportsman Brief, August 2020

Sportsman Program Policy--Garrison Policy #20, cont.

3. SCOPE: This policy applies to all activities located at Picatinny Arsenal (also known as the installation), to all individuals accepting the privilege to hunt, trap, or fish, at Picatinny Arsenal, and to sponsors of such individuals. Additionally, this policy applies to all non-sportsman boaters on Picatinny waters.

a. All participating and coordinating personnel on the installation will comply with the associated Sportsman Program Bulletin and Sportsman Map. The Sportsman Program Bulletin describes detailed procedures for installation eligibility, access, accountability, safety and security, compliance, and various roles and responsibilities for managing hundreds of sportsmen.

b. The Sportsman Map depicts designated areas where all recreational hunting, trapping, fishing and boating activities may occur. Exceptions to engage in such activities outside of designated areas or time frames may occur only by approval of the Garrison Commander (GC), Picatinny Arsenal Police Department (PAPD), or the Sportsman Program Coordinator (SPC), after appropriate considerations and coordination, as necessary.

c. This policy is also used in conjunction with current USAG Picatinny **Policy Memorandum #24**, Sportsman Sanctions.

4. POLICY:

a. We must comply with all applicable federal and state laws relevant to hunting, trapping, fishing, and boating. We can be more stringent than the standing laws (e.g. more restrictive or prohibitive); but never more lax or liberal than the legal standards. PAPD will enforce federal and state fish and game laws and codes, with assistance, if necessary, of the NRM.

b. Sportsmen must realize that the program is subordinate to the primary mission of the installation as a privilege, not a right. The Sportsman Program Bulletin must be followed to ensure continued safe and sound operation of these outdoor activities, while not adversely impacting or disrupting the mission.

Sportsman Brief, August 2020

Sportsman Program Policy--Garrison Policy #20, cont.

The Sportsman Program is integral to aspects of fish and wildlife management, therefore the administration and daily operation of the Program, including sanctions, if necessary, is the responsibility of the SPC within the Environmental Affairs Division (EAD), Directorate of Public Works (DPW).

d. Picatinny is a relatively small installation with numerous personnel, so installation safety and security are key elements within the Program. These drivers are reflected in the many details of the associated Sportsman Program Bulletin. Sportsman accountability and activities are closely monitored and controlled in such an environment. Rogue behaviors are usually quickly noticed and will be dealt with swiftly and decisively by either temporary suspension or permanent revocation of privileges. When afield, active sportsmen are identifiable by either a Hunting Area Badge (5"x 6") or a Fishing /Boating Pass (4" x 11") visible on the dashboard of their vehicle(s).

e. The Sportsman Program is available for soldiers and civilians to enjoy; yet it is ultimately sustained by each person's commitment and Loyalty to the other Army values of Duty, Respect, Honor and Integrity. Sportsmen, protect these hunting, trapping, fishing, and boating privileges by adhering diligently to the honor and buddy systems on which this Program is based.

5. PROPONENT: USAG Picatinny, DPW, EAD, Mr. Jason Huggan can be reached at 973-724-3664 or jason.huggan.civ@mail.mil or Mr. Brad Garie (SPC) can be reached at 973-724-3594 or bradley.garie2.civ@mail.mil.

MEMORANDUM FOR Picatinny Community

SUBJECT: U.S. Army Garrison, Picatinny Arsenal Policy Memorandum #24, Sportsman Sanctions

1. **PURPOSE:** This policy intends to establish equitable and fair guidelines regarding imposing sportsman sanctions when necessary. Sportsmen must realize however, that this policy does not provide any formal appeals process, since recreational hunting, trapping, fishing, and boating on this installation are privileges.

2. **REFERENCES:**

US Army Garrison, Picatinny Arsenal Policy **Memorandum #20**, Sportsman Program.

3. **SCOPE:** This policy applies to and is used in conjunction with current US Army Garrison, Picatinny Arsenal Policy **Memorandum #20**, also known as the Sportsman Program.

4. **POLICY:**

a. **Explanation of Terms.** The directives and procedures (aka controls) embodied in the sportsman program policy and its associated Sportsman Program Bulletin can be classified into four categories.

- (1) Class I controls are those which relate to administration of the overall program. Infractions may be considered "minor" yet efficiency of operations tends to be compromised.
- (2) Class II controls are intended to protect the environment and natural resources. Infractions degrade those resources.
- (3) Class III controls are safety or security related. Breaches compromise safety/security no matter how slight they may be perceived.
- (4) Class IV. Federal and state laws comprise this category. Violations of statutes will be prosecuted diligently, by appropriate law enforcement personnel. Picatinny Arsenal sanctions will be applied as well IAW this policy.

Sportsman Brief, August 2020

Sportsman Sanctions-Garrison Policy #24, cont.

b. Responsibilities. Daily operation of the Sportsman Program, including sportsmen sanctions, is the responsibility of the Sportsman Program Coordinator (SPC) within the Environmental Affairs Division (EAD), Directorate of Public Works (DPW). Sportsmen must realize that the program is subordinate to the primary mission of the installation as a privilege, not a right. The Sportsman Program policy has been implemented to ensure continued safe and sound operation of these outdoor activities. Persons who are unwilling or unable to comply with requirements must be exhorted or coerced to do so for the sake of the overall program. Avenues for correction of Federal or State violations are well established and available. The remedies for breaches of the administrative and field controls unique to this installation are outlined below.

c. Procedures. The continuing operation of the Sportsman Program relies in large measure on the integrity and ethics of the sportsmen themselves. Enforcement then, will tend to follow the general pattern of verbal admonition; short term temporary Picatinny Arsenal Sportsman Permit (PASP) suspension; extended or indefinite PASP suspension; or temporary or indefinite barring. This pattern is applied to the four classes of controls as follows.

- (1) Sanctions for Class I infractions will consist of a written summary of the infraction and may include PASP suspension for 3-6 days.
- (2) Sanctions for Class II infractions will consist of a written summary of the breach and may include PASP suspension for 3-12 days.
- (3) Sanctions for Class III infractions will consist of a written summary of the breach with PASP suspension for at least 14 days.
- (4) Sanctions for Class IV violations will consist of a written summary of the violation with PASP suspension for at least 30 days. If charges are filed, the suspension will remain in effect until the case is adjudicated with a final disposition.

Sportsman Brief, August 2020

Sportsman Sanctions--Garrison Policy #24, cont.

d. Notwithstanding the guidelines for progressive sanctioning outlined herein, the SPC reserves the right to impose whatever sanction seems appropriate under the circumstances for the good of the overall program.

e. Documentation. All written summaries by the SPC will be forwarded to the Garrison Commander (GC) with a specified probationary period and a standard warning that any subsequent offense may result in PASP revocation or barring.

- (1) The SPC will administer appropriate sanctions for all Class I, II, and III infractions or breaches. The SPC may recommend more stringent sanctions to the GC if it seems warranted in the interest of the overall integrity of the program.
- (2) The SPC will recommend appropriate sanctions to the GC for endorsement and concurrence for any Class IV violations.
- (3) Sportsmen may or may not be required to relinquish their PASP to the SPC if a suspension is imposed.

f. Sanctions Co-applicable to Primary Sportsmen as sponsors. Sanctions imposed for infractions or violations committed by Associate Sportsmen may also be applied to a lesser or greater degree to their (Primary) sponsor. Children or juveniles, under age 16, who fish unsupervised may be barred, as well as their Primary eligible parent(s) or siblings, if supervisors of these minors ignore their responsibility.

g. Depending on the case circumstances, if a Class IV violation charge results in a final disposition of forfeiture of collateral (i.e. fines paid), or a guilty verdict; then a subsequent written summary and sanction may be imposed by the GC.

5. PROPONENT: US Army Garrison, DPW, EAD, Mr. Jason Huggan can be reached at 973-724-3664 or jason.huggan.civ@mail.mil or Mr. Brad Garie (SPC) can be reached at 973-724-3594 or bradley.garie2.civ@mail.mil.

(973-724-8647)

- Active Field Patrols
- Spot checks of Hunting Logs
- Spot check of Big Game Transport Tags
- POC for Reports (suspicious/unsafe/illegal activity)
- POC for Questions (weapons permits, access)
- Joint POC with Natural Resource Mgr. (tree stands, game cameras)
- Joint POC with Natural Resource Mgr. for Bear Hits/Wounded Notifications

Sportsman BRIEF, August 2020

Eligibility Types

- There are five types of eligibility
 - Primary
 - Secondary
 - Associate
 - Guest Fisherman Permits
 - Veterans' Health Identification Card (VHIC)/Surviving Spouse & NOK.
- Eligibility is contingent on access to Picatinny Arsenal which requires background checks for those without a Common Access Card.

Sportsman BRIEF, August 2020

Sportsman Permits

- Licensed hunters, trappers, fishermen, must possess a Sportsman Permit with the respective authorizations for that activity to be conducted on Picatinny Arsenal.
- The Permit documents proof of eligibility, possession of required federal/state license(s), personal data, attendance at mandatory hunter/trapper Sportsman Program Awareness / Safety Brief, and an assumption of risk agreement.
- Permits will be issued at Leisure Travel Services in Building 34.
- Sportsmen must sign and display their Sportsman Permit while Hunting, Trapping, or Fishing. Additionally, the permit must be validated at the Sportsman Program Awareness / Safety Brief.

Sportsman BRIEF, August 2020

Weapons Registration/Transport

- You must provide copies of your Picatinny Weapons Registration to Sportsman Coordinator.
- Any weapon, including bows and air guns, used on the installation must be registered at the Picatinny Police prior to bringing them onto the installation.
- Permits must be renewed every three years.
- Weapons must be transported IAW NJ law and must be declared to the Department of the Army Security Guards when entering an Access Control Point. If requested by the security personnel, the Sportsmen must present their unexpired Picatinny Arsenal weapons permit.

Sportsman BRIEF, August 2020

Weapons Registration/Transport , cont.

- Once any continuous hunting activity has ceased for the hunter in the course of the day, any firearm(s) must be promptly transported off the installation (i.e. returned directly to home); or promptly back to quarters for on post residents.
- Firearm(s) may not remain in POVs for extended time periods after cessation of hunting activity due to stringent NJ law
- The NJH&T Digest specifies the permitted weapon type; gauge, round carrying capacity, caliber or draw weight; type of projectile; and necessary sights and bow releases for each hunting season.

Sportsman BRIEF, August 2020

Weapons Registration/Transport , cont.

- Although allowed in NJ, Picatinny Arsenal does not allow small game hunting with center fire, rim fire rifles, or muzzle-loading rifles (.36 caliber or smaller). Only trappers may use rim fire rifles for dispatching a harvest.
- Once any continuous hunting activity has ceased for the hunter in the course of the day, any firearm(s) must be promptly transported off the installation (i.e. returned directly to home); or promptly back to quarters for on post residents.

Sportsman BRIEF, August 2020

Hunting Area Badges-Sign In & Out Procedures

- The registration station will be at Bldg 173 to secure a numbered Hunting/Trapping badge, check for updated notices, verify the hunting area boundaries, and confirm the hunting area permits, their intended weaponry and hunt method.
- Hunters/Trappers may not be signed-out or be physically in a hunting area before 0400 and must be signed-in NLT 2100.
- The Hunting/Trapping badge will be drawn for every member of the party, including observers.
- During open seasons, for safety, security and statistical reasons, the status of every hunter, trapper, or observer must be continually documented.
- Hunting Area Badges are limited to the maximum number of hunters, which may be safely accommodated

Sportsman BRIEF, August 2020

Hunting Badges-Sign Out/In Procedures, cont.

- Only Primary, Secondary, and Associate Hunters/Trappers actively participating in hunting or trapping may draw Hunting Area Badges.
- Active participation does not necessarily require being armed/equipped (ie. Observers).
- Each hunter/trapper must have a corresponding HAB before entering that hunting area.
- Each hunter/trapper must personally and individually withdraw and return each HAB.

Sportsman BRIEF, August 2020

Hunting Badges-Sign Out/In Procedures, cont.

- The following steps must be followed when registering your outing for deployment and shuttling out or back in from hunting areas:
- Look for any NOTICES TO HUNTERS in the Hunt Logs, or ask police officers about any closed areas or special conditions.
- Peruse the Hunting Logs (Big Game and/or Small Game) to see how many persons are engaged in specific activities within the various hunting areas, since this may be relevant to field planning.
- Select a hunting area and draw available HAB.
- Complete all entries in the Hunt Log except "ending time" and "game taken".

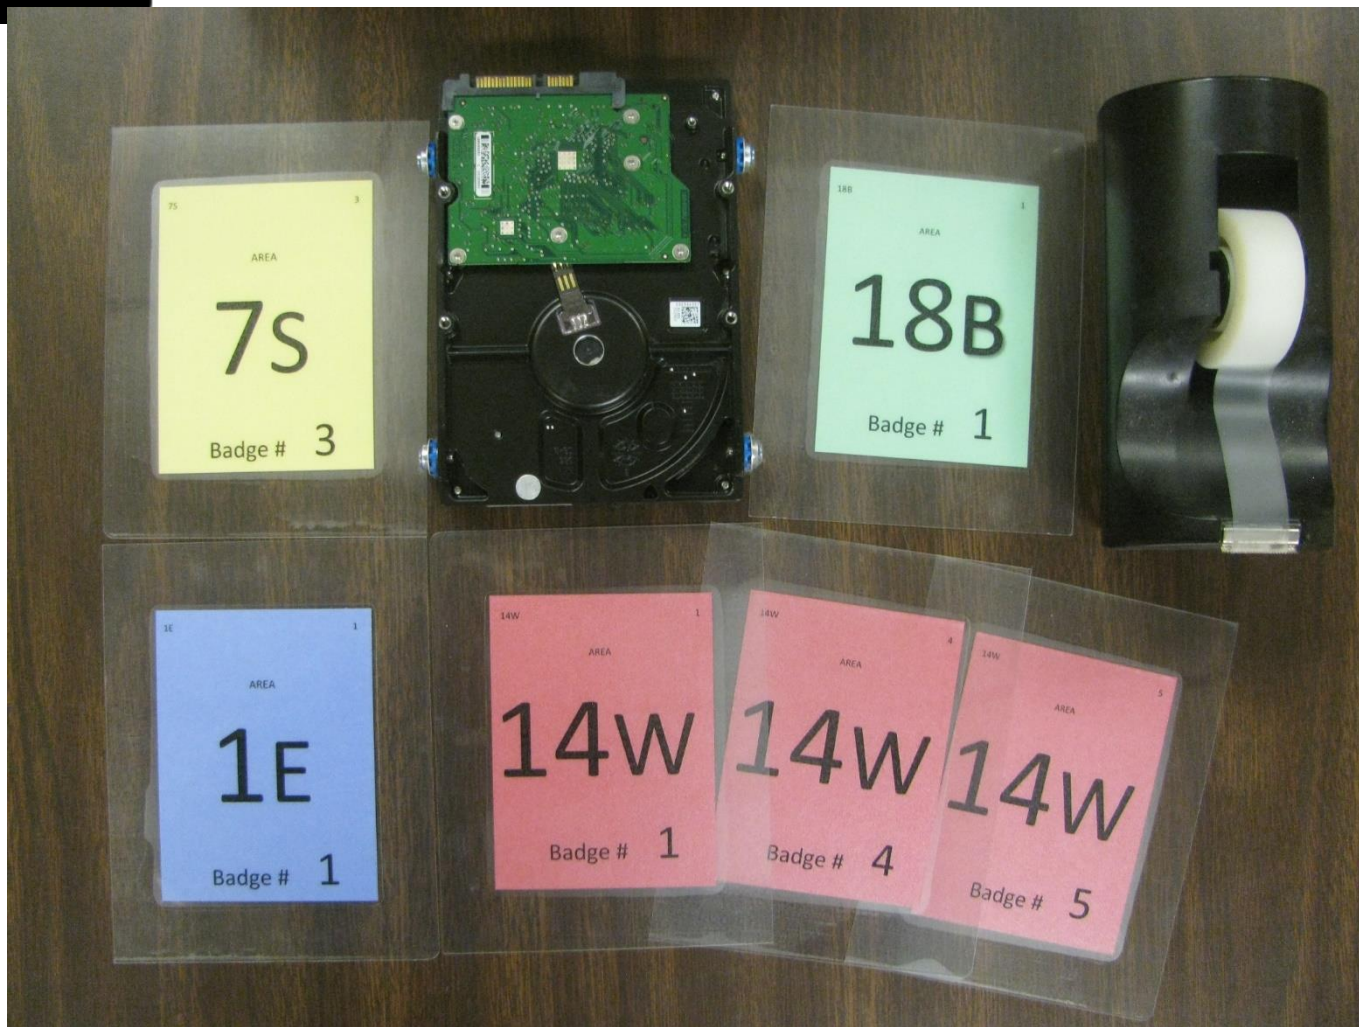

Hunting Area Badges

186 Hunting Areas

30 Special Use Areas

4 (Non-Hunting Areas)

Hunting Area Badges

Don't keep in your pocket or license holder

Keep on your DASHBOARD and visible!!

Sportsman BRIEF, August 2020

Hunting Badges- Sign Out/In Procedures, cont.

- Proceed to hunting area. Leave HABs visible, face up, within locked vehicle(s).
- The badges must be visible on the driver's side, front windshield so that vehicles can be spot-checked against the Hunting Log.
- Promptly return to registration station upon completion of hunting activities.
- You must sign back out again, if you are traveling to a different hunting area.
- Carefully refile the HAB to its proper place. Sportsmen must sign back in after finishing their outing, and return your badge.
- Badges will be returned before 1900 and are an important secondary measure to verify all hunters and trappers are accounted for at the end of the day.

Sportsman BRIEF, August 2020

Hunting Badges- Sign Out/In Procedures, cont.

- Make the final entries for this outing by specifying the "ending time". The outing is now terminated.
- Make the initial or final entries for this outing by specifying all known data of any game harvested, follow-up biometrics, seal numbers, or possession numbers.
- Hunt Log entries must be printed legibly, and by using codes indicated on the form (logsheets). Erroneous, confusing, or omitted entries when required.
- Corrected entries without sufficient explanation (on back of logsheet), may be grounds for sportsman sanction.

Sportsman BRIEF, August 2020

Hunting Badges- Sign Out/In Procedures, cont.

- Associate Hunters/Trappers must be accompanied by their Primary Hunter/Trapper into hunting areas and must register their entries in the Hunt Log as follows:

(1) Primary Hunter will always register in the Hunt Log first, just before the sponsored Associate Hunter(s). The Primary Hunter will indicate either the Picatinny Arsenal Sportsmen Permit number of a single Associate Hunter in the “buddy Permit” column; or the number of Associates, if more than one, in the “buddy Permit” column.

Sportsman BRIEF, August 2020

Hunting Badges- Sign Out/In Procedures, cont.

2) Associate Hunters/Trappers will then immediately register after the Primary Hunter/Trapper and cross reference the Primary Hunter's Picatinny Arsenal Sportsmen Permit number in the "buddy Permit" column.

(3) The Primary Hunter/Trapper and all sponsored and accompanied Associates must appear together and sequentially registered on the Hunt Log as outlined above.

Sportsman BRIEF, August 2020

Hunting Badges- Sign Out/In Procedures, cont.

- Drive Team Captain and drive team members will register in the Hunt Log similar to above, together and sequentially.

OBSERVERS:

- An Observer must be accompanied by their Primary Hunter/Trapper into a hunting area and must register their entry in the Hunt Log as follows:

(1) Primary Hunter/Trapper will always register in the Hunt Log first, just before the accompanied observer. Primary Hunter/Trapper will indicate observer using code="O" in the "buddy Permit" column.

(2) Observer will then immediately register after the Primary Hunter/Trapper and cross reference the Primary Hunter/Trapper's Picatinny Arsenal Sportsman Permit number in the "buddy Permit" column.

Sportsman BRIEF, August 2020

Hunting Badges- Sign Out/In Procedures, cont.

- Hunters must notify PAPD before becoming “overdue”.
 - See Chapter 2, section 19 in the Sportsman Bulletin for procedures to track wounded animals deer after 2100.
- Legal shooting times are still bound by NJDFW Regulations.

Sportsman BRIEF, August 2020

Hunting Badges- Sign Out/In Procedures, cont.

- NOTICES TO HUNTERS will be posted or filed in the front of Hunt Logs to announce such closings. If an area is listed or declared closed by police officers, DO NOT ENTER, even if HABs might be readily available.
- Hunting areas may be closed indefinitely, temporarily or partially due to mission activities. Picatinny Arsenal Police Department ultimately controls hunter access.
